

Facility Hotplate Magnetic Stirrer  
Manufacturer TAT  
Model HS-860  
Temp. range Room to 100°C

Facility Hot plate magnetic stirrer  
Manufacturer Alpha  
Model D-500  
Temp.Range Room temperature to more than 200 °C

Facility	Hotplate Magnetic Stirrer
Manufacturer	TAT
Model	D-500
Temp. range	Room to more than 200°C

Facility	Fume Hood
Manufacturer	-
Model	Chemical Laboratory Hood
Dimensions	80*110*240

Facility	Centrifuge
Manufacturer	KTS
Sample Holders	15 and 50 ml centrifuge tubes
Rotational speed	Maximum 5000 rpm

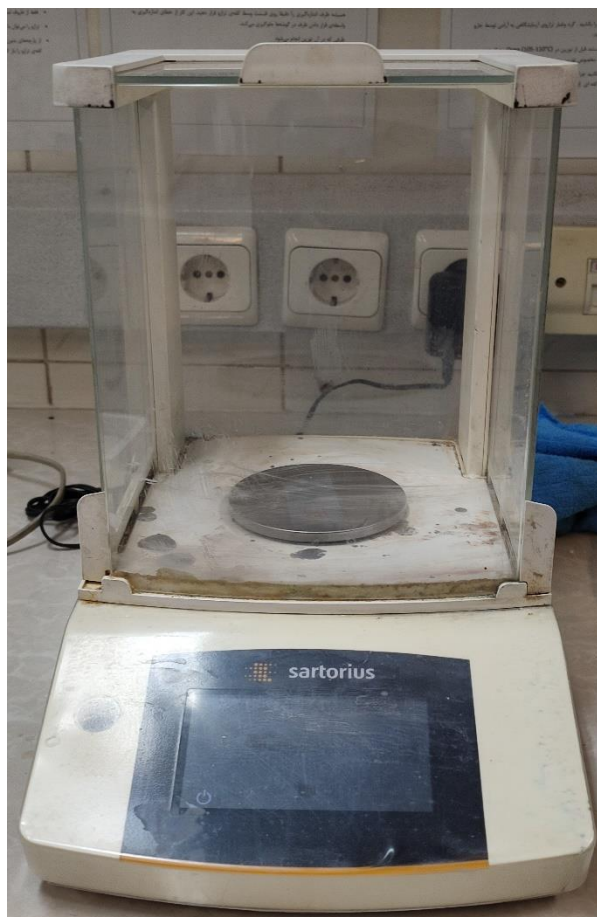

Facility                    CentriFuge  
Manufacturer            KTS  
Sample Holders         2ml Microtubes  
Rotational Speed       8000-15000RPM

Facility                    Microwave Oven  
Manufacturer            Feller

Facility	Laboratory Scale
Manufacturer	Sartorius
Model	Practium224-1S
Measurement Accuracy	0.0001gram

Facility	Ultrasonic bath
specification	Water Temperature control, Time control, degassing

Facility                      Micropipette

Manufacturer              Dragon

Volumes                    0.1-10 microliters, 1-100 microliters, 10-1000 microliters
